

WHO WE ARE

Alleguard represents the combined legacies of six brands servicing a range of industries. Collectively, we are leading the way in custom foam solutions across North America. Our extensive range of solutions includes protective packaging, construction products, cold-chain, geofoam, OEM components, sustainable foams, and more. Be it block and fabrication, shape-molding, or an integrated solution, nobody combines it all like Alleguard.

WHAT TO EXPECT

At Alleguard, we're built from the ground up to expand and shape your business.

We offer a unique approach to foam – one that provides an expansive group of engineering talent, operations gurus, and tenured sales staff. Through our collective approach and network of facilities, you'll gain a single, expansive partner that can address the wide range of challenges seen across different industries. From reinvigorating confidence in your supply chain to accessing the latest innovations, we see these challenges as opportunities. We are relentless in seeing around corners and going the extra mile to help your business succeed.
